### Additional Comments

The upkeep of the area with regard to weeds and hedges etc is becoming an issue, as I have been away for several weeks I have not been often and with the rain and sun this has allowed the weeds to multiply. Despite weed killing (which should be done as last resort) the area now looks a mess.

I have weed picked and sprayed, but would now request that the council manage this element and include this work as a regular maintenance task for a contractor?

HEDGES NEED CUTTING AS A PRIORITY and landscape regular maintenance.

Play bark will be ordered and spread around site.
