Norton Parish Council - Jack's patch play area inspection report

This report is produced monthly by the NVCA for action by the NPC, the operator. Inspections may be conducted more regular dependent upon use of the area, weather conditions, reports received etc. In addition to regular visual inspections and the monthly reports the play area is inspected annually for the NPC by a professional independent organisation.

Additional Comments

Retaining posts near swings have had temporary repairs, will need replacing, NPC.

Regarding replacing the play bark, it would not be the best time as winter degrades and compresses the bark. Far better to wait until spring now. We have always used play bark in the 70ltr bags as it is easier to move and spread, the bark in bulk is not correct play bark.
