

# Proposing changes to bus routes D4 and 15

**D4.**

**Stagecoach.**

**Stagecoach's D4 currently runs between Daventry, Norton Road, and Long Buckby Wharf, George Lane without stopping, although the service could easily be rerouted via Norton and Whilton Marina, to provide for more residents.**

○ Long Buckby Wharf

○ Whilton Marina

○ Norton

**D4.**  
**Stagecoach.**

**As you can see on that map, two large population areas (434, Norton, and give or take 200, Whilton Marina) are not served by a bus link on D4, or at all.**

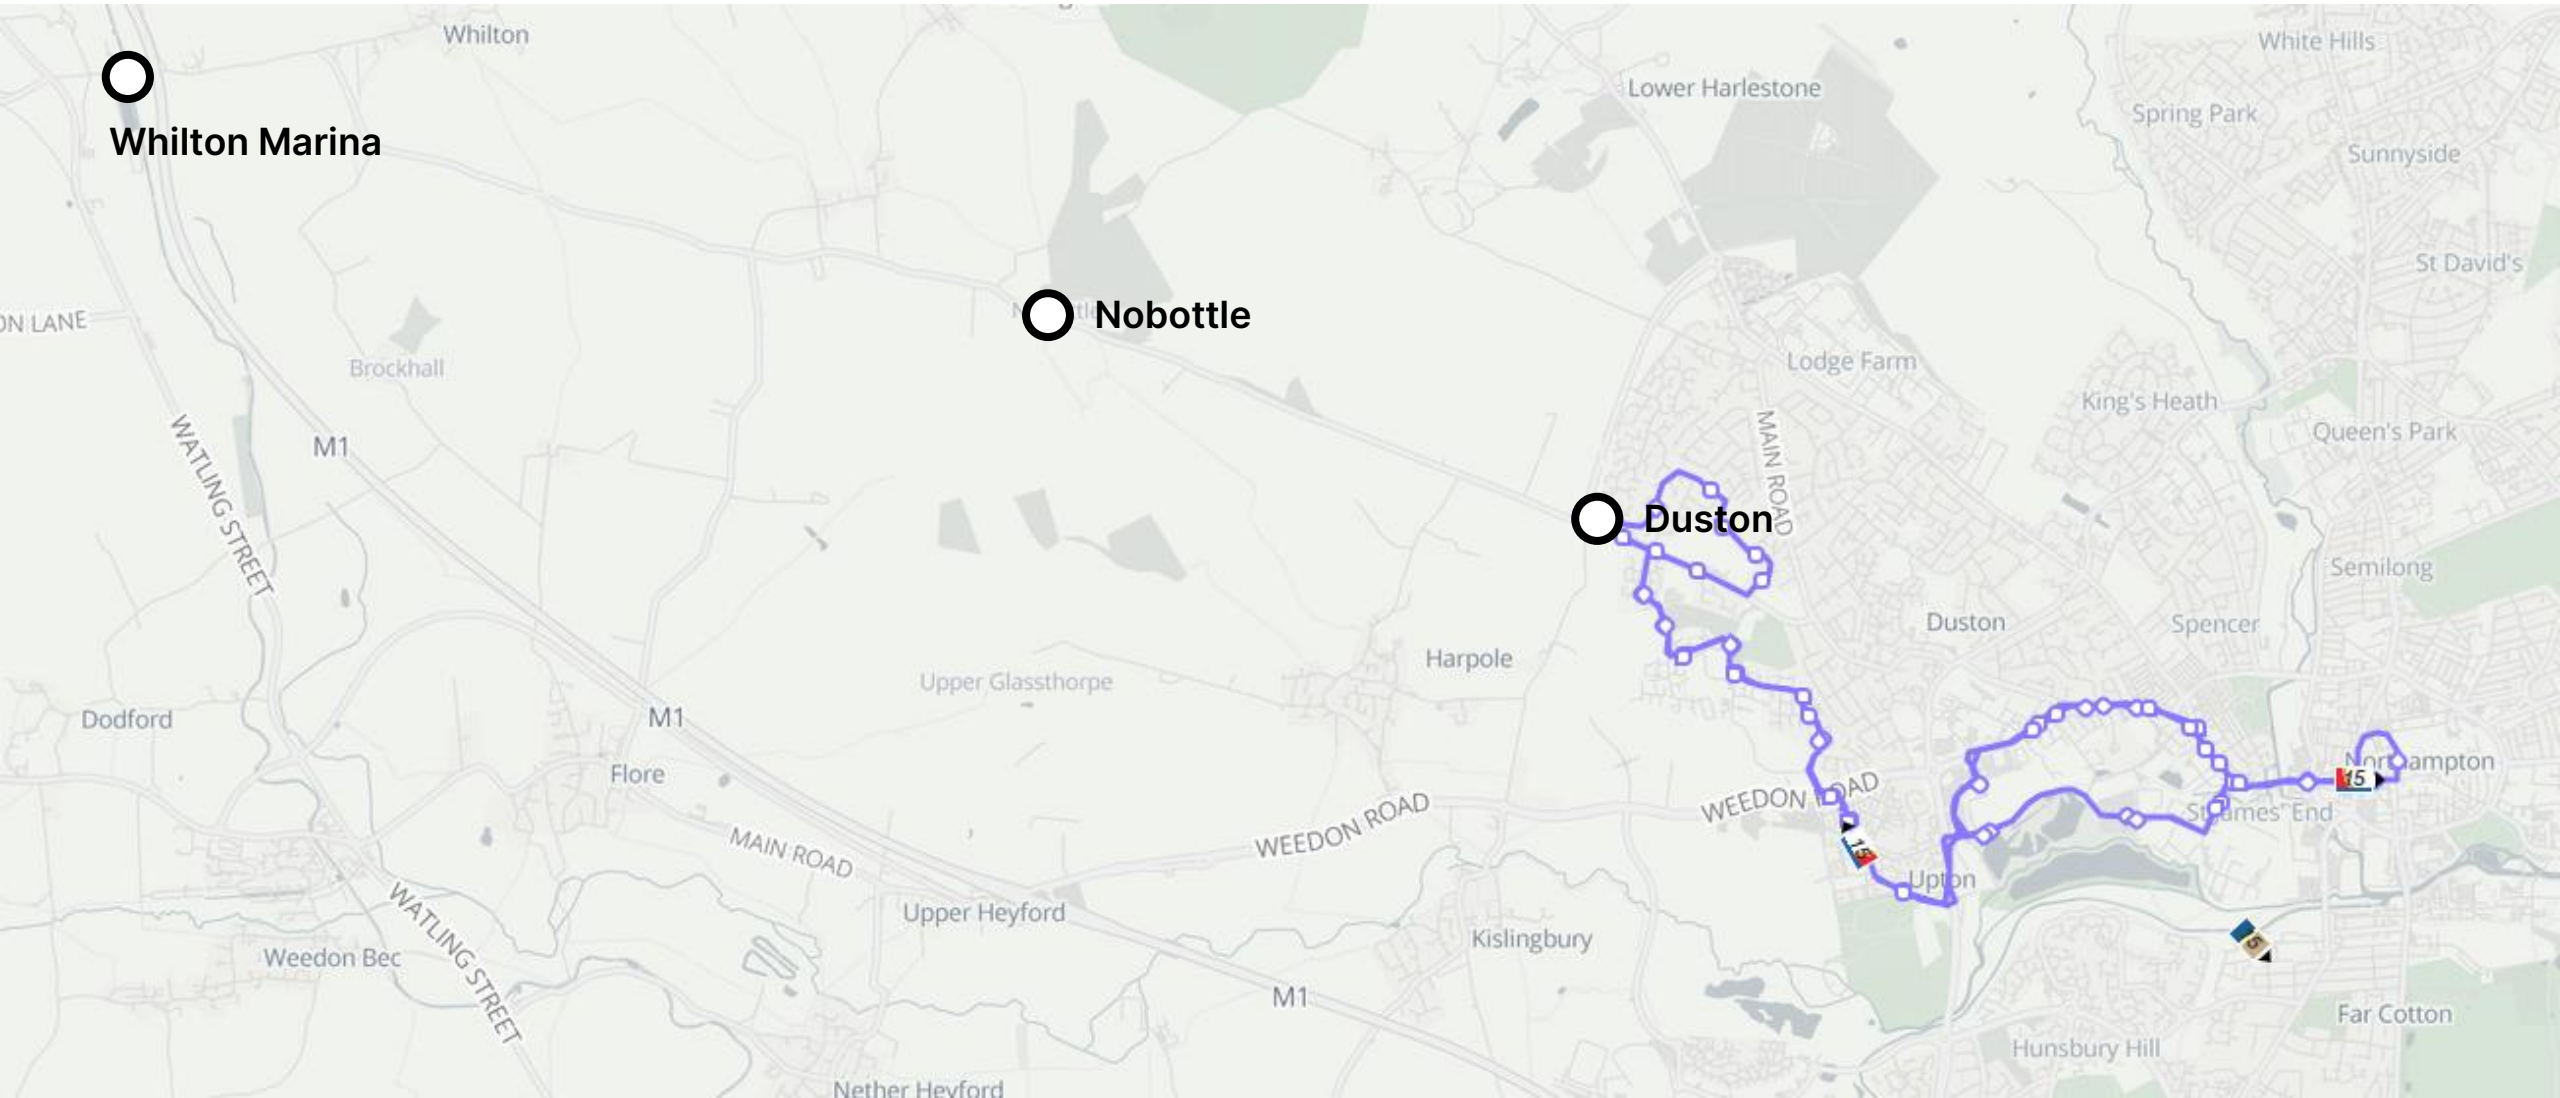

**D4.**

**Stagecoach.**

**By rerouting the bus service via Norton Way/Daventry Road/over Watling Street, and implementing a bus stop just outside Whilton Marina (but requiring the bus to reverse) and in the Norton Village centre is a no-brainer.**

# 15. Stagecoach.

**Stagecoach route 15 currently operates between Northampton Town Centre, terminating at Duston. I'd like to see it extended to Whilton Marina via Nobottle.**

Whilton Marina

Nobottle

Duston

15.

Stagecoach.

**Whilton Marina especially has a relatively large population, comparable to a village such as Norton, and would do with a bus connection to Northampton, as well as a bus connection to Daventry and Long Buckby Rail Station (D4).**

**15.**  
Stagecoach.

**Nobottle, although having a smaller population, has no bus link at the moment.**

15.

Stagecoach.

**Extending the bus service to Whilton Marina ensures more people can use public transport in both Nobottle and the marina area.**
